

Business Administration

Diploma

Program Objective

The Business Administration Diploma is designed to prepare students for the demands of today's fast-paced business environment. Its objective is to expose students to a vast array of business knowledge, management and administration skills, and practical tools that will assist them in dealing with situations within a business-related career. Courses focus on professional skills required by today's employers, including knowledge of how businesses utilize technology, e-commerce, business correspondence, office procedures, project management, and employment success strategies.

Admission Requirements

Grade 12 or equivalent or Mature Student status.

An admissions interview will be administered to determine if the applicant has the required interest, motivation, and entry-level skills to take this program.

Successful completion of Entrance Assessment

Full-time students must attend the required hours per week as per the course schedule and may do so at times convenient to them.

Program Notes

Tuition fees include all materials and student textbooks. Financial assistance may be available to those who qualify.

Students must achieve a 75% program average to obtain a diploma.

Method of Delivery

Integrated Learning™ System training facilitated by Academy of Learning College facilitators.

Employment Success Strategies

This program provides students with:

- A solid foundation in basic principles of a business environment, including current computer applications, marketing, accounting, and business law.
- An introduction to the most relevant aspects of business management and administration
- Professional skills in high demand by employers. These skills include: teamwork, communication, customer service, leadership, research, and problem solving.
- A solid knowledge of business practices and principles. It also develops the student's ability to relate and apply this knowledge to current social and economic conditions.
- Proficiency in Microsoft Office Applications and accounting.

Duties & Responsibilities

Individuals working in a Business Administration career perform a wide range of administrative and support duties relating to the day-to-day operation of a business. Specific job duties vary with education and experience. Their duties may include:

- Administering, directing, and coordinating day-to-day business operations
- Implementing efficient working processes, schedules, and procedures
- Conducting research on the Internet
- Preparing progress and other reports and analyses
- Assigning and reviewing the work of clerks and administrative assistants
- Integrating and managing database information for dissemination to staff and clients
- Composing and providing information via the telephone, postal mail, and e-mail
- Training staff in job duties and company policies
- Operating/troubleshooting new office technologies
- Supervising and evaluating departmental administrative staff
- Providing information as required by law relating to ongoing business transactions

Personal Attributes Required

To be successful in a Business Administration career, individuals must possess the ability to:

- Learn new skills and knowledge
- Formulate decisions and exercise good judgement
- Build working relationships to achieve goals
- Efficiently manage time and stress
- Work collaboratively and effectively as part of a team
- Recognize dynamics and politics of an organization
- Provide direction and remain objective
- Be self-motivated, energetic, confident, and creative
- Effectively communicate and use interpersonal skills
- Use good listening skills and be tactful
- Communicate verbally and in writing with people from all walks of life
- Employ creative problem-solving skills

Career Opportunities

This program provides the student with a range of business knowledge and skills, which cross several disciplines, resulting in a well-rounded and highly skilled employee.

Graduates of this program are prepared for a variety of entry-level administrative and management trainee positions in a broad range of employment settings, specializing in those areas of interest, experience, and greatest ability.

Careers in accounting and finance, marketing, production and operations, human resources, and general administration are available to those students who possess the proper combination of business skills, experience, personal ability, and aptitude.

*Please note that the focus of this program is to train individuals for entry-level support and/or management trainee positions. It will also provide the skills to progress into management-level career, given the proper combination of skills, experience, and personal attributes
